REGISTERING ON PROPOSALCENTRAL

If the applicant/candidate does not have an account, the candidate must register on ProposalCentral by clicking the “Need an account?” button and creating a professional profile, including a unique user ID and password. Remember the login and password to access the application at a later time. Applications do not need to be completed in one setting.

If a professional profile has already been created, the candidate must verify the information for accuracy before submitting a completed application.

When creating the professional profile, candidates will be asked to add a primary institution. This is the institution where the applicant currently holds a position. It is possible that the institution already has a profile on the system. To search for the institution:

- Input the institution name (partial) and click display results
- Information from the institutional profile will automatically populate, including the institutional officer

If your institution is not listed on ProposalCentral, please reach out to the ProposalCentral technical support staff to help with this process.

Candidates have the option of linking their ORCID to their ProposalCentral account. ORCID is a persistent digital identifier that is unique to individual researchers, where they can keep their CV information current and share with other systems. BWF does not require the use of ORCID at this time, but it is highly suggested. Visit orcid.org for additional details. To start a LOI from the professional profile, locate the red “Create New Proposal” button.

CREATING A NEW PROPOSAL

After creating the professional profile and linking it to the appropriate institution, the next step is to begin the application using the following steps:

- Locate the Home tab within ProposalCentral and click the red “Create New Proposal button”
- Use the “Filter by Grantmaker” button to select the Burroughs Wellcome Fund
- Locate Career Guidance for Trainees and click the “Apply Now” button
- Verify that an application is being created for the Career Guidance for Trainees Program
- Enter the project title and hit “Save”
- Complete the application now or save and revisit later

Enable Other Users to Access this Proposal:

This section allows applicants to grant access to others that would like to have access to the proposal such as the collaborators/partners. An applicant may grant three levels of access: View only, Edit (cannot submit), and Administrator (edit and submit). Only registered ProposalCentral users can be given access to the system.

Signing officials will automatically be given administrator access to the proposal.

Nominating Institution and Contacts (including Signatory Official):

The institution is where the proposed work will be performed during the award and the institution where the Principal Investigator holds an appointment. The institution for the proposal may not be changed.

Applications will need to be approved by an official responsible for sponsored programs, generally from the institution’s grants and contract’s office, office of research, or sponsored program’s office at a degree-granting institution; at other non-profits in the US and Canada, this is typically the executive director. The institutional or signing official should be added in this section. An email will be generated to the institutional officer/signing official notifying that an application is in progress. The institutional/signing official will need to certify your eligibility for the award, that the institution approves the application submission, and that the institution is eligible to receive the award.

COMPLETING THE APPLICATION – CONTINUED

It is the responsibility of the applicant to follow-up with the Signing Official with instructions. The proposal may NOT be submitted without the signature of the Signing Official. By adding the official to the application, you are granting access to the application.

Applications cannot be submitted without both signatures. Signatures must be obtained prior to the application deadline. Extensions will not be given.
