

BURROUGHS WELLCOME FUND
Career Award at the Scientific Interface (CASI)
Sponsor's Annual Letter of Evaluation

Recipients of the CASI Award are required to have their sponsor or department chair write an annual letter of evaluation to supplement their progress reports. Progress reports must be received by October 1 or the awardee's payments will be delayed. Your letter should summarize the awardee's research progress and career growth during the period. You may write a letter on your own letterhead, or you may complete this form in lieu of the letter. Your letter, or this form, should accompany the awardee's progress report; the awardee will upload the letter in Proposal Central with additional progress reporting materials.
